

DIGIFILE

4 panels, 2 CD slots, spine 4.3mm

--- BLEED LINE — CUT LINE — FOLD LINE ■ CLEARANCE AREA

Please ensure that all essential elements of your artwork (text, logos, etc.) are **within the safe areas** of the supplied template, and that your artwork **extends to the bleed lines**. Your final print file **must not include the template or any registration/guide marks**. Failure to follow these guidelines may result in clipping, unwanted white borders, or visible template lines in the final print.

Important: Do **not** flatten or merge the template lines with your artwork.
